### Posture & Pressure Care

The Symphony offers a range of posture and pressure care solutions. Medium pressure care is standard with the ability to accommodate high risk air and gel solutions.

### Multiple Back Options

The Symphony is available with multiple back options allowing any user to find comfort. Zipped rear access allow fibre adjustment which can be beneficial to postural conditions.

### Removable Seat Wrap

The combination of a removable seat wrap and seat insert can accommodate high risk gel and air solutions. The removable features offer quick and easy access when cleaning is required.

## Additional Back Options

### 2-Tier Drop Back

A classic fibre filled back cushion provides a soft feel and maximum comfort. The 2-Tier Drop Back comes fully adjustable with zip access at the rear to offer bespoke support around the back area.

### Vertical 2-Tier Drop Back

A fibre filled back designed for a comfortable feel and to aid in the reduction of pressure around the mid-back and spinal areas. Beneficial to users with more complex postural needs such as Scoliosis and Kyphosis.

### Fibre Lateral Back

A soft fibre filled Lateral Back with a soft fibre filled headrest. This will not only provide comfort, it also will help to maintain a healthy mid-line position from the hips upwards, which is key for good posture.

### Foam Lateral Back

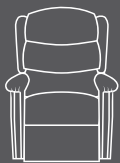

A firm foam filled Lateral Back with a soft fibre filled headrest. This will not only provide comfort, it also will help to maintain a healthy mid-line position from the hips upwards, which is key for good posture.

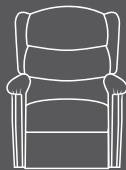

## Variable Cushion Inserts

Proper seating can affect a client's well-being, so providing the correct seating position and pressure relief is vital, and this starts by ensuring the stability of the pelvis.

The Symphony is built to accommodate a variety of air/gel solutions for high risk users combined with the versatility of the back options can enhance a client's posture.
